## Tap to Pay at the Checkout with Your BHCCU Debit & Credit Cards

Your BHCCU debit and credit cards are now even better. All new and replacement **debit cards** come complete with the latest in secure, contactless chip technology. Later this month, all new and replacement BHCCU **credit cards** will also come with contactless chip technology. In addition, we expect to have contactless **instant issue cards** available same day in our branches mid-year 2021. We are excited to offer this new technology to our members. You can now pay at millions of locations with one simple, secure tap.

Your contactless card is a safer, easier way to make in-store purchases. While you can make payments by simply tapping the payment system, this does not take away your ability to insert or swipe your card, as some merchants still do not have contactless capabilities.

Order your contactless card today by calling or using our mobile app. If you have questions about switching to a contactless card, we are happy to assist you. Call or text 800-779-5555, or email [info@bhccu.org](mailto:info@bhccu.org).
